Special Issue
NEVADO DEL RUIZ VOLCANO, COLOMBIA, II
edited by **Stanley, N. Williams**

Nevado del Ruiz volcano (Colombia): pre-eruption observations and the November 13, 1985 catastrophic event
F. Barberi (Pisa, Italy), M. Martini (Firenze, Italy) and M. Rosi (Pisa, Italy) 1
The chemistry of fumarolic vapor and thermal-spring discharges from the Nevado del Ruiz volcanic-magmatic-hydrothermal system, Colombia
W.F. Giggenbach (Petone, New Zealand), N. García, P., A. Londoño C., L. Rodriguez V., N. Rojas G. and M.L. Calvache V. (Manizales, Colombia) 13
Helium-isotope systematics at Nevado del Ruiz volcano, Colombia: implications for the volcanic hydrothermal system
Y. Sano and H. Watika (Tokyo, Japan), and S.N. Williams (Baton Rouge, La., U.S.A.) 41
Sulfur dioxide from Nevado del Ruiz volcano, Colombia: total flux and isotopic constraints on its origin
S.N. Williams (Baton Rouge, La., U.S.A.), N.C. Sturchio (Argonne, Ill., U.S.A.), M.L. Calvache V., R. Mendez F., A. Londoño C. and N. García P. (Manizales, Colombia) 53
Impacts of acid emissions from Nevado del Ruiz volcano, Colombia, on selected terrestrial and aquatic ecosystems
R.A. Parnell, Jr. and K.J. Burke (Flagstaff, Ariz., U.S.A.) 69
Trace elements in snow deposited at Nevado del Ruiz volcano, Colombia
P.G. Laj and C.F. Boutron (St. Martin d'Hères, France) 89
Chronology of the principal scientific and governmental actions leading up to the November 13, 1985 eruption of Nevado del Ruiz, Colombia
M.L. Hall (Quito, Ecuador) 101
Volcanic hazard maps of the Nevado del Ruiz volcano, Colombia
E. Parra (Medellín, Colombia) and H. Cepeda (Popayan, Colombia) 117
Monitoring active volcanoes and mitigating volcanic hazards: the case for including simple approaches
R.E. Stoiber (Hanover, N.H., U.S.A.) and S.N. Williams (Baton Rouge, La., U.S.A.) 129
The 1985 Nevado del Ruiz volcano catastrophe: anatomy and retrospection
B. Voight (University Park, Pa., U.S.A.) 151
Anhydrite in Nevado del Ruiz November 1985 pumice: relevance to the sulfur problem
J. Fournelle (Washington, D.C., U.S.A.) 189
Variations in chemistry of acid-sulfate-chloride springs at Nevado del Ruiz volcano, Colombia: November 1985 through December 1988
N.C. Sturchio (Argonne, Ill., U.S.A.) and S.N. Williams (Baton Rouge, La., U.S.A.) 203
Nevado del Ruiz Volcano, Colombia: a comprehensive bibliography
D.T. Lescinsky (Baton Rouge, La., U.S.A.) 211

Research Papers
Anomalous chloride flux discharges from Yellowstone National Park
I. Friedman and D.R. Norton (Denver, Colo., U.S.A.) 225
Petrological monitoring of cyclical eruptive activity at Volcán Colima, Mexico
J.F. Luhr (St. Louis, Mo., U.S.A.) and I.S.E. Carmichael (Berkeley, Calif., U.S.A.) 235
Geochemistry of igneous rocks from the Ceirro Prieto geothermal field, northern Baja California, Mexico
C.T. Herzig (Riverside, Calif., U.S.A.) 261
Subsidence and volcanism of the Haleakala Ridge, Hawaii
J.G. Moore and D.A. Clague (Menlo Park, Calif., U.S.A.), K.R. Ludwig (Denver, Colo., U.S.A.) and R.K. Mark (Menlo Park, Calif., U.S.A.) 273
Chaotic collapse of calderas
R. Scandone (Napoli, Italy) 285

Editor's comment
An historical note on the origin of calderas
A.R. McBirney (Eugene, Oreg., U.S.A.) 303

Special Issue
THE LAKE NYOS EVENT AND NATURAL CO_2 DEGASSING, II
edited by **F. Le Guern and G.E. Sigvaldason**

Carbon dioxide bursts of Lake Nyos, Cameroon, modelled as periodic supersaturation in a countercurrent reactor
N. Oskarsson (Reykjavik, Iceland) 307
Lithostratigraphy, volcanism, paleomagnetism and palynology of Quaternary lacustrine deposits from Barombi Mbo (West Cameroon): preliminary results
J. Maley (Montpellier, France), D.A. Livingstone (Durham, N.C., U.S.A.), P. Giresse (Perpignan, France), N. Thouveny (Marseille, France), P. Brenac (Montpellier, France), K. Kelts (Dubendorf, Switzerland), G. Kling (Durham, N.C., U.S.A.), C. Stager and M. Haag (Dubendorf, Switzerland), M. Fournier (Bondy, France), Y. Bandet (Toulouse, France), D. Williamson (Marseille, France) and A. Zogning (Yaoundé, Cameroon) 319
Water and gas chemistry of Lake Nyos and its bearing on the eruptive process
W.F. Giggenbach (Petone, New Zealand) 337
Radiometric studies of Lake Nyos (Cameroon) sediments: evidence of strong mixing and excess ^{210}Pb
M. Piboule, M. Pourchet, R. Bouchez and J. Amosse (Grenoble, France), P. Brenac and J. Maley (Montpellier, France), J.F. Pinglot and C. Vincent (Grenoble, France) 363
The anecdotal evidence, did it help or hinder investigation of the Lake Nyos gas disaster?
S.J. Freeth (Swansea, U.K.) 373
Satellite monitoring of the vertical temperature profile of Lake Nyos, Cameroon
J.C. Sabroux (Gif sur Yvette, France), A. Villevieille (Eaubonne, France), E. Dubois and C. Doyotte (Sceaux, France), M. Halbwachs and J. Vandemeulebrouck (Chambery, France) 381
Lake Nyos: phenomenology of the explosive event of December 30, 1986
R.-M. Chevrier (Paris, France) 387
Gas emission and hydrothermal manifestation in the Lake Nyos area: January 5, 1987, January 26, 1987, June 20, 1987
S.G. Tebor 391
Lake Bambulewe: could it be the source for a third gas disaster in western Cameroon?
S.J. Freeth (Swansea, U.K.) 393
Lake Bambulewe (Cameroon): building-up the same scenario as Lake Nyos?
M. Pourchet, J.F. Pinglot (Grenoble, France), J. Maley (Montpellier, France), M.A. Mélières (Grenoble, France) and A. Zogning (Yaoundé, Cameroon) 397
Letter to the Editor – M. Pourchet, J.F. Pinglot, J. Maley, M.A. Mélières and A. Zogning 401
Contents Volume 42, 1990 403
